WORK EXPERIENCE

FullStack Developer in ziro - Manizales

May 2023 - March 2024

- During my time in charge of customer support and interface design for @somosziro's web platform, I have demonstrated an outstanding ability to quickly adapt to new technologies. My focus has been on developing captivating animations and intuitive functionality, leveraging cutting-edge technologies such as Angular (versions 15), TypeScript 4.6, Laravel 8, MySQL 8, Bootstrap 5, and Figma. This commitment to usability and user experience has been reflected in every aspect of the platform I have helped create.

FullStack Developer in Innova Ingenieria Integral - Ibagué Tolima

August 2021 - August 2022

- In my role as exclusive developer at Innova Ingeniería, I led the design and development of a dynamic platform aimed at facilitating the efficient management of data related to people with disabilities. Using a combination of cutting-edge technologies such as HTML, CSS, JavaScript, React, TypeScript 4.6, MySQL 8, Laravel 9, Bootstrap 5 and Figma, we managed to create a robust and accessible solution that meets the specific needs of our user community. This project highlighted my ability to face complex challenges and my commitment to developing technology with positive social impact.

UI/UX DESIGNER in OpenBootcamp | España

August 2022 - December 2022

- Experience in collaborative teamwork, specialized in Frontend and UI/UX Design. Skills in HTML, CSS, JavaScript and Figma.
